

# LENSWRAP™

## CLEAR HEADLIGHT PROTECTION

Upgrade any vehicle with the ultimate protection for headlight & foglight lenses with Sharpline's LensWrap™ clear protection film.

**Virtually Invisible Protection** - Modern headlight lenses are constructed from clear plastic that is subjected to damage from rock chips, dirt and road debris experienced in day to day driving. Replacing headlight lenses that have been scratched, scuffed, cracked or even dulled from exposure to the sun's UV rays can cost hundreds of dollars each.

Sharpline's LensWrap™ clear headlight protection films are constructed from a super-tough urethane. LensWrap™ clear urethane films (20 & 40 mils thick) will provide the needed level of protection to keep vehicle headlight lenses looking like new for years to come.

**Application Versatility** - LensWrap™ clear headlight protection films are offered in two sheet sizes or in 30 foot rolls, and can be easily installed and trimmed to fit modern, irregularly shaped headlight lenses. Sets include 2 film sheets, a small squeegee, Snappy™ knife and instructions.

### CHOOSE A SIZE TO FIT YOUR NEEDS

272-05	12" x 24"	20 MIL FILM SET	CLEAR
272-06	12" x 24"	40 MIL FILM SET	CLEAR
