

LENSWRAP™

TINTED HEADLIGHT PROTECTION

Customize the appearance of any vehicle with Sharpline's LensWrap™ tinted headlight protection films.

BEFORE LENSWRAP™

AFTER LENSWRAP™

Stylized Headlight Decor

LensWrap™ tinted urethane films add a subtle splash of color to headlights and foglights to help enhance the appearance of display or show vehicles.

Superior Durability - Sharpline's LensWrap™ tinted headlight protection film is constructed from a super-tough urethane. LensWrap™

tinted urethane film (16 mils thick) will also protect expensive headlight lenses from damage which may occur during the transportation and display of show vehicles.

Application Versatility - LensWrap™ tinted headlight protection film sets are offered in two sheet sizes or in 30 foot rolls, and can be easily installed and trimmed to fit modern, irregularly shaped headlight lenses. Sets include 2 film sheets, a small squeegee, Snappy™ knife and instructions.
